# Outcry From the Wilderness

## Stop Bill C-51

Bill C-51 is unconstitutional and in direct violation of human rights in this country. We, as Canadians and immigrants to this nation of multi-cultural diversity, demand to be in charge of our own health, and to have the freedom to choose naturopathy, holistic medicine and the food we eat. Bill C-51 is against everything Canada stands for.

Aboriginals, Inuit, Métis, Chinese, Asian, East Indian and all other peoples, cultures and origin, that have practiced natural medicine for millennia, demand the right to continue to do so in this country.

I demand freedom of choice!
